CONFIDENTIAL MEMORANDUM

Re: Lincoln Trails Council - Boy Scouts of America

On August 25, 1988, I was contacted by Mr. Don Dickerson, Assistant Scout Executive. He was requesting, in behalf of the council, legal advice to deal with an allegation of child sexual abuse by an Assistant Scout Master at Troop 25, sponsored by the Grace United Methodist Church, Decatur, Illinois.

In behalf of the Lincoln Trails Council, I attended a meeting at the Council Headquarters on that date at approximately 4 P.M. Present were [REDACTED]

me. Also present was a [REDACTED] who waited downstairs in the waiting area.

Briefly, the facts as related by these three individuals is as follows. [REDACTED] recently deceased, was married to [REDACTED]. Their children include [REDACTED]

[REDACTED] was formerly married to one Richard Harrison (age 56) from 1954 through 1962. He has formally been Assistant Scout Master and Scout Master. He is presently Assistant Scout Master of Troop 25, Boy Scouts of America, sponsored by the Grace United Methodist Church.

[REDACTED]

As related by [REDACTED] and by [REDACTED] Richard Harrison sexually abused [REDACTED] during the time that [REDACTED] and subsequently thereafter. The abuse apparently continued until each child was of adult age.

The parties brought with them a box of what they termed "evidence". It contained a whip, a device that appeared to be a wrist or ankle shackle, approximately three movie containers of movie film marked "[REDACTED]". The parties related that the film was pornographic. The box also contained a Polaroid camera.

[REDACTED] stated that this was

██████████ property left at ██████████ residence. It had been recently discovered, due to the death of ██████████ and going through her personal effects. ██████████ also displayed two standard audio cassettes and several Polaroid photographs. The audio tapes were represented to be recordings of his sexual advances to other children. The photographs reportedly depicted ██████████ in various poses, in her underwear or without clothes. She said that these were taken by Richard when she was younger. She also related that ██████████ had seen a scrapbook of photographs of young children in various stages of undress, allegedly owned by Richard Harrison.

██████████ stated that approximately two years ago, ██████████ also said that Richard Harrison had abused her.

Don and I encouraged them to take their "evidence" to the Macon State's Attorney's office. We stated that we would review the situation, and take the steps that we deemed appropriate in behalf of the Boy Scouts of America.

Reviewing applicable statutes, it appears that the Statute of Limitations with regard to the sexual offenses has expired. They would expire within one year of the victim reaching the age of eighteen. ██████████ was the only one present who was claiming that she had been abused, and she was approximately 30 years old, it would appear that the Statute of Limitations had expired with regard to her.

A review of the Abused and Neglected Child Reporting Act, reveals that there probably is no duty on the part of the Boy Scouts to report this incident. The Statute talks in terms of the obligation of certain persons "having reasonable cause to believe a child known to them in their professional or official capacity may be an abused child or a neglected child", must be reported. However, the definition of child under Section 20-53 is any person under the age of eighteen years. Since this is not present abuse, I doubt very much whether or not that there is a requirement that this must be reported.

However, I did recommend to Don that a call be made to the local DCFS office (telephone number ██████████) and that he consult with one of the child abuse specialists. He could then inquire as to whether or not a report need to be made based upon the general facts that have been related to us.

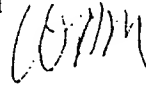

The conclusion reached after consulting all sources, including the Procedures Manual issued by the National Office of the Boy Scouts of America, was that the following would occur:

1. A letter of suspension would be issued to Richard Harrison, with an attached copy of the Rights to Appeal.

2. The letter would be hand delivered to him today.

3. Other than inquiring with DCFS, no further current steps would be taken with regard to this case.

We, the undersigned, came into the Boy Scout office on Thursday, August 25 and brought information concerning the deviate sexual conduct of Richard D. Harrison.

We have no first hand knowledge that he had any relations with any youth in the Scouting program. However, we feel, because of our knowledge of his actions in the past, that there could be a possibility in the past or in the future that a member of Scouting might be involved.

Our information was brought forward to assure that his actions would hurt no one else.
